Successful through Synergy

Creating a culture of cooperation and mutual respect is key to our success. "Successful through Synergy" isn't just something we say—it's how we work every day. Earlier this month, we took that spirit to the next level at our Partner Appreciation BBQ, where we celebrated the power of teamwork with our partners. And this value inspired Amsted to adopt the Design-Build model, where everyone's input is valued from start to finish. So, don't hesitate to ask for help when you need it—it's a strength, not a weakness. By leaning on each other, we learn, grow, and provide even better service to our clients.

We are half way through the year so it seems like a great time for us to look back to the start of the year and tally up all the different charitable acts we've completed so far!

January: Christmas Staff Party Games were donated to the Boys & Girls Club and clothing collections were sent to the Brockville Cooperative Care Centre. (2)

February: By partnering with Maker House, 2% of our Client Celebration Gift Baskets proceeds go to Camp Smitty. (1)

March: Ottawa 67's Community All-star Sponsorship (1)

April: Brockville Community Wide Clean-up (1)

participated in Ottawa Race Weekend (raising funds for Royal Ottawa), Window donation to Habitat for Humanity ReStore, Boys & Girls Club Breakfast Social Donation (7)

June: Food Bank donations at Partner Appreciation BBQ, TISS Rugby Team Car Wash, Ontario Speedway Karting Sponsorship, Paul participated in Ride for Dad (raising funds for prostate cancer research, Brockville Chamber of Commerce Golf Tournament Sponsorship, Jason Blaine Golf Tournament Sponsorship (6)

Don't forget, we also have 3 ongoing initiatives:

Clothing Donations for Big Brother and Sisters (Questions? Speak with Erin or Deirdre)

Furniture Drive for Matthew House (Questions? Speak with Erin or Deirdre)

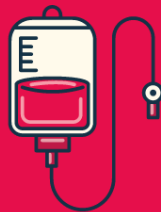

Blood Drive: Shoutout to Danica for being our first team donation! (More info below)

This brings the tally to 21 acts! We are well on our way to hitting our 35 for 35 goal. Also, let's not stop at 35; if you come across another great cause that we should be a part of, please let us know!

+ AMSTED + + BLOOD + DRIVE

Let's come together and roll up our sleeves for this amazing cause. Make an appointment today or, better yet, sign up with a fellow Amsted team member!

Sign-up Today!

If you've never donated before, it's easy to create an account online, determine your eligibility, and book an appointment. Click [HERE](#) to get started!

Once you have an account, or if you have already donated in the past, simply link your profile to the Amsted team by joining account **AMST0116784** under "Partners" (in the menu on the left side).

Questions? Contact Amanda or Stephanie

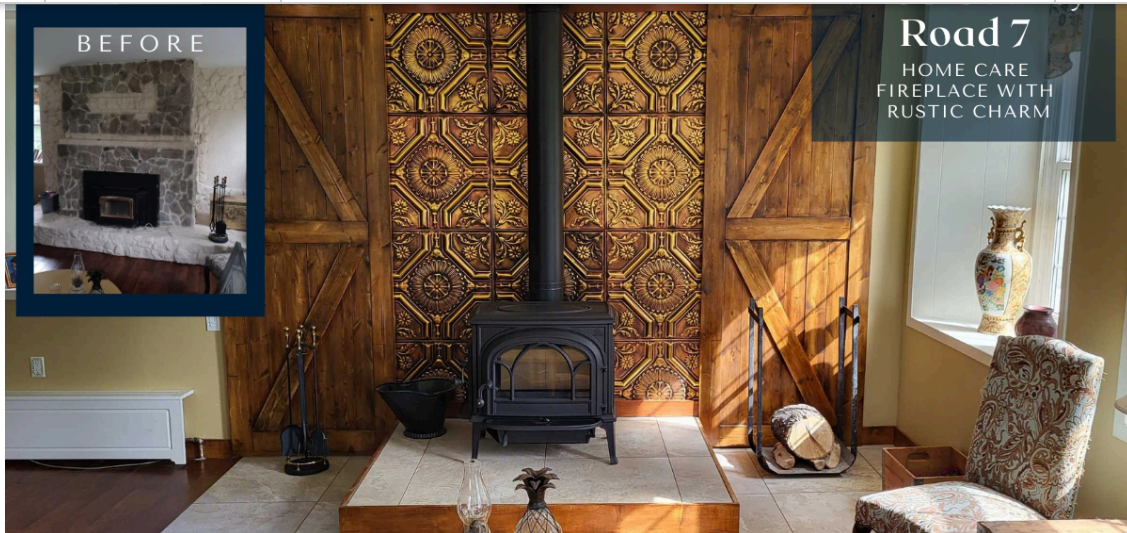

How amazing would it be to make 35 blood donations as a team in our 35th year in business? This would save over 100 lives!

Projects to Admire

A project preview for "66 Lewis St" titled "LIVING IN COLOUR". The main image shows a bright, modern living and dining area with light wood floors, a white kitchen island, and a dining table with colorful chairs. To the left, a collage of four smaller images shows different rooms: a living area with a red wall, a staircase with dark wood, a bathroom with a white sink, and a living area with a wood-burning stove. A "CLICK HERE" button with a cursor icon is positioned over the collage.

A project preview for "18 Amy St." titled "HOME CARE FIREPLACE MAKEOVER". The main image shows a living room with a stone fireplace, a dark wood cabinet, and a leather chair. To the right, two smaller images show close-up details: a loon figurine on a wooden shelf and a close-up of the stone fireplace mantel.

Seen Around Town!

As we mark our 35th anniversary, we wanted to celebrate in a way that acknowledges the heart of our success: our clients and their homes. To do this (and like we did at our 25th anniversary), we launched our Anniversary Lawn Sign Campaign! Thank you to everyone who reached out to past clients and to those who went out and installed the signs from Ottawa to Brockville and everywhere in between. It has been a true team effort and there are over 100 signs out to date!

We are so grateful to our community who have agreed to a "Proud Client" sign on their property in support of our anniversary. Their sharing this sign on their lawns and their continued referrals are truly the greatest compliment!

Another fun aspect of this campaign has been the opportunity to reconnect with those past clients. As we install the signs, it's like going down memory lane, reminiscing about the unique projects and the wonderful people behind them. These moments of reconnection have been heartwarming and these touchpoints are also a great way for our clients to be reminded of our services and perhaps discuss upcoming projects.

Partner Appreciation BBQ

On June 6th, we hosted our annual Ottawa Partner Appreciation BBQ at the Main Office. Thank you to the entire team for your efforts in setting up and executing the event, ensuring our partners felt welcomed and appreciated. As highlighted earlier, events like these are important to strengthen our relationships with our extended team members. Next, we're heading to Brockville to celebrate our partners in the area. Let's hope for sunnier weather!

We recently hosted two back-to-back seminar weekends. On June 1st, we presented "Your Guide to a Successful Renovation," and on June 8th, we debuted our new seminar, "Craft a Home That Brings Your Dreams to Life," focused on building a custom home. These events continue to be a fantastic way to introduce the design-build process to homeowners, equipping them with valuable knowledge as they navigate the complexities of home construction. Our seminars will recommence in the Fall, continuing to provide insights and guidance for future home projects and hopefully generate leads and contracts.

**OUR CUTEST
NEW RECRUIT
TO THE A-TEAM**

LEVI (Deirdre's son)
Almost 5 months old

Did you know your health benefits renew in June?

This includes Health, Dental, Life, AD&D (Accidental Death and Dismemberment) and LTD (Long Term Disability). You will be receiving more details this month on your individual plan.

It's important that you keep your personal information up to date with Desjardins through the online portal or Omni App.

July 1: Stat Holiday

Enjoy the long weekend and Happy Canada Day!

July 24: Quarterly Meeting & Brockville Partner Appreciation BBQ, Brockville Office

We're headed to the Brockville Office for an all-day team event starting with the Quarterly meeting in the morning and an afternoon to celebrate our Partners in Brockville. More details to come soon!

Get involved picking veggies for the Ottawa Food Bank. Becky is organizing this one. Reach out to her if you're interested!

September 13-15: Camp Smitty Weekend!

Our biggest event of the year. The Leadership Team visited Camp Smitty last month to plan our activities, and there is a lot to be built this year! We need a big crew. [Register here!](#)

Rioux - Kitchen renovation at 38 Douglas Ave (\$145,000)
Laurence - Bathroom renovation at 2036 Dorval Ave (\$175,000)

Projects Completed this Month

Armstrong - Kitchen reno at 66 Harris Place

Congrats to this month's challenge winner, Guy Moffitt! Guy's been a consistent e-tool submitter and is always coming up with great suggestions. Both of his this month focused on proactive suggestions to recurring issues so that we can better plan and take care of these before they turn into problems. Thank you Guy for sharing, and enjoy your Timmies!

We'd also like to make a call-out for e-tool suggestions! We've seen a bit of a lull these last couple of months, but we know you're all still coming up with great ideas! We just want to encourage you to make

Please continue to send your suggestions to etool@amsted.ca!

Happy Birthday and Happy Anniversary to everyone celebrating this month!
